

## Auto Thief Is Held After Nearly Killing Policeman in Chase

## Flushing Patrolman Falls in Path of Speeding Machine as Comrade Fights on Run- ning Board With Bandit

Julius Gall, of Kingston, N. Y., was held in \$5,000 bail in the Flushing Police Court yesterday, on a charge of grand larceny, for examination Tuesday. Gall is charged with the theft of an automobile from in front of the

home of Nicholas Gilroy, 10 Leavitt Avenue.  
Patrolman Edward Cook, of the Flushing Precinct, narrowly escaped with his life, and is in Flushing Hospital with a broken leg, as the result of an attempt to leap from a speeding taxi to the running board of the stolen car which Gall was driving. At the same time four auto thieves, in a car stolen from the garage of Herman W. Weinske at 6 Mitchell Avenue, escaped. The police theory is that Gall was a member of this gang.  
Weinske heard the wheels of his car scattering the gravel on his driveway as the robbers raced away. He telephoned the police. Patrolmen Cook and Roelich gave chase in a taxi cab. The pursuers overhauled the second automobile, after a two-mile dash along Lawrence Street toward the Hempstead Turnpike, and, with both machines running at forty miles an hour, Roelich jumped to the running board, and hung on. The taxi, with Cook on board, con-

tinued the chase after the leading car, but was outdistanced.  
The taxi slowed down to permit the second car to draw alongside, and Cook crouched on the running board ready to leap, but lost his grip and fell, breaking his left leg. While he lay helpless on the pavement the second car, Roelich fighting with the driver for control, headed directly for him. The car was right on him, when Roelich grabbed the steering wheel and swung it aside.  
Gall, the police records show, was arrested in May last charged with the theft of automobile tires, and was released on probation, after his mother had begged the Special Sessions bench to show leniency.
